

AMENDMENTS TO THE CLAIMS

The following listing of claims will replace all prior versions and listings of claims in the application.

LISTING OF CLAIMS

1 - 4. (Cancelled)

5. (Previously Presented) A liquid drop ejecting device comprising:

a liquid drop ejecting head device having a liquid drop ejecting head ejecting a liquid drop, a detachable storage section storing at least one of record datum indicating whether or not the liquid drop is ejected from the liquid drop ejecting head device, and a storage controlling section reading out at least one of the record datum from the detachable storage section and/or writing at least one of the record datum to the detachable storage section; and

a controlling device transmitting the record datum and a driving waveform driving the liquid drop ejecting head to the liquid drop ejecting head device.

6. (Previously Presented) A liquid drop ejecting device according to Claim 5, wherein the liquid drop ejecting head device controls the liquid drop ejecting head according to the driving waveform which is transmitted from the controlling device and the record datum which is read from the detachable storage section by the storage controlling section.

7. (Previously Presented) A liquid drop ejecting device according to Claim 5, wherein the controlling device transmits a part of the record datum or an entire record datum to the liquid drop ejecting head device before the liquid drop ejecting head device ejects the liquid drop such that the record datum be stored in the storage section by the storage controlling section.
